

WHAT DOES MEMBERSHIP MEAN?

By joining MHAction, you're becoming a key part of a national movement made up of residents of manufactured home communities who are standing together to make our communities affordable, healthy, safe, and beautiful places to call home. We're a movement of people who believe our communities' greatest strength and value are our neighbors. We're working to fight back against predatory real estate speculators who are gobbling up our communities, squeezing our families for profit, and harming our neighbors. We're building power and winning policy protections on the local, state, and national level. We're working to make our country reflect our values of caring for the most vulnerable, treating everyone with compassion, and making sure all of our neighbors, regardless of their race, gender, or country of origin, are able to build a good life for their family.

We are a grassroots, resident led, movement. After signing up, MHAction leaders or staff will connect you to other residents in your state to get involved. Don't hesitate to reach out by sending us a quick note at info@mhaction.org.
